# WORKING TO MAKE CRABBE BILL EMERGENCY ACT

## OPERATORS ARE READY TO ABIDE BY DECISION OF PRESIDENT'S BOARD

Make Reservation, However,  
That Agreement Lasts While  
Lever Act is in Force.

### INSIST ON THE RESERVATION

Willing That Award Shall Con-  
stitute Contract if Request  
Granted.

(By Associated Press)

Washington, January 13.—Mine operators in the central competitive field today told the commission named to settle the bituminous coal strike that they would accept with a single reservation any award the commission might make.

The operators said they would not be a party to the fixing of the coal prices beyond the period of the effectiveness of the Lever law, the war-time measure under which the government has controlled food and fuel prices.

Ralph Crews, counsel for the central operators, explained that without making this reservation the operators could not legally join any price fixing agreement.

He also said the operators would not make their acceptance of the commission's award contingent upon the preparation of answers to a series of questions which the operators yesterday asked the commission.

In accepting the commission's authorization, the operators, said Mr. Crews, understood the commission's award should of itself constitute a final contract between the miners and operators for the period of the time fixed by the commission.

President Robinson reminded him that President Wilson's letter creating the commission authorized it only to make an award which might be used as "a basis for a wage contract."

He asked if the operators would not modify the language in their acceptance accordingly. Mr. Crews finally agreed that the commission should determine that point.

### PRESENT DEMANDS.

Miners' representatives put before the commission today their full demands as originally made and refused by the operators before calling off the coal strike last November.

## SAY RELATIVES MAKE PROTEST

(By Associated Press)

Washington, January 13.—Charges by relatives of American soldiers buried in France that undertakers and others were attempting to commercialize their grief in connection with the movement to have the bodies brought home were presented by Senator Thomas.

The question of bringing home the bodies of American soldiers in France was up in both Houses of Congress today with a hearing of 200 parents asking for their return before the House Foreign Relations Committee.

With the introduction of a resolution in the Senate by Chairman Porcher, Horace, who also was stricken with pneumonia, is said to be recovering.

## NO SPEEDY AGREEMENT ON TREATY

Hope of Ratification by Janu-  
ary 16th Vanishes Declare  
Leaders.

### MAY AGREE DURING JANUARY

Impetus Added to Plans For  
Compromise With Many Sen-  
ators Active.

(By Associated Press)

Washington, January 13.—Possibility of final Senate action on the peace treaty by January 10th, when the League of Nations council will assemble in Paris vanished today, according to republican and democratic leaders.

Not before next week, spokesmen of both parties predicted, was any action probable. Democrats declared they would be satisfied if ratification was effected this month.

While negotiations toward adjustment of differences gained new impetus today it was said some democrats were disposed to defer action until the caucus Thursday when the minority leader will be elected.

Conferences in the compromise negotiations of the democrats centered about a new reservation affecting article ten drafted by Senator Gore of Oklahoma, and another drafted by Senator Simmons, democrat, of North Carolina. The former was submitted to mild reservation republicans and discussed also with other republican leaders, but without definite results.

## TO WITHDRAW ALL WARSHIPS

(By Associated Press)

Paris, January 13.—Japan has decided to withdraw her warships from Fuchow, China, where they were sent some weeks ago owing to the maltreatment of Japanese subjects, according to information received here by the Japanese delegates to the peace conference.

## AUTO MAGNATE SERIOUSLY ILL

(By Associated Press)

New York, January 12.—John Dodge Detroit automobile manufacturer, who is seriously ill at the Ritz Carlton Hotel here, tonight was nearing the crisis, his physician announced. He is suffering from pneumonia, which developed from influenza. His brother, Horace, who also was stricken with pneumonia is said to be recovering.

## LAWYERS PLAN TO MAKE FIGHT FOR SOCIALISTS

G. O. P. RELIES ON THESE WOMEN TO WIN MANY VOTES

Mrs. John G. South, Mrs. Fletcher Dobbins, Miss Mary Garrett Hay and Mrs. C. H. Severance.

## CANNOT REPEAL RATIFICATION OF PROHIBITION

Such is Claim Made By Wayne  
B. Wheeler in A Statement  
Issued.

New York Governor's Appeal  
Draws Statement Of No  
Repeal.

(By Associated Press)  
Washington, January 13.—State legislatures cannot under the law repeal ratification of the constitutional prohibition amendment, Wayne B. Wheeler, counsel for the Anti-Saloon League, declared today in a statement discussing recommendations for repeal made to the lawmakers of New York by Governor Smith.

Mr. Wheeler cited the attempt of Ohio and New Jersey to withdraw ratification of the fourteenth amendment. Congress refused to accept the repeal and both states were counted among those voting affirmatively.

Without the ratification, the amendment lacked sufficient votes to become operative.

(By Associated Press)  
New York, January 13.—The protest against action of the state assembly in suspending five socialist members gathered force here today.

The bar association of New York City will send a delegation of lawyers to Albany to attend the trial of the suspended men if a resolution to that effect, circulated by a committee of the association, is passed at the annual meeting of the organization to-night.

## 600 CASES OF WHISKY TAKEN

(By Associated Press)

Perth Amboy, N. J., January 12.—Between five hundred and six hundred cases of Canadian Club whisky concealed in lumber and seized by revenue agents was shipped today to the New York custom house.

## PASS JUDGMENT ON REDS TAKEN IN MIDDLE WEST

C. H. Paul above and W. C. De Miller

The two men above, C. H. Paul and W. C. De Miller, immigration inspectors for Illinois and Indiana respectively, have been detailed to receive and examine Reds taken in raids in the middle west. They are sitting as special judges in Indianapolis, deciding which of the prisoners shall be sent east for deportation and which shall be held for trial.

## BUFORD NEAR PORT OF HANGO

(By Associated Press)

Helsingfors, January 13.—The United States transport Buford with a party of undesirable aliens from the United States on board will arrive at Hango on the northern coast tomorrow and from this point they will be transported by rail to a town near the Soviet-Russian borders.

Drys Willing to Make Additional Concessions to Prevent Referendum On Crabbe Law.

### INSPECTORS THE OBJECTION

Political Leaders Want Wet And Dry Issue to Stay Long Buried.

Income Tax Law As A Party Measure Not Possible And Hope is Abandoned.

Salaries of State Employees To Get Attention

(By Associated Press)

Columbus, O., January 13.—Dry leaders in the general assembly were said to be ready today to grant further concessions in order to secure passage of the Crabbe prohibition enforcement bill as an emergency measure and prevent it being subjected to a referendum.

It was reported democratic members of the House who had voted against the emergency clause when the bill was up before would support it if all provisions as to appointment of inspectors were eliminated from the bill. Dry leaders were said to be willing to make this concession if necessary in order to get the emergency clause adopted.

Another factor which made the drys hopeful on passing the emergency clause was the feeling among political leaders of both parties against the wet and dry issue being raised again next fall.

Hope of passing an income tax law as a party measure was practically abandoned today. If an income tax bill is passed now it was said it will have to come through the joint taxation committee and democrats as well as republicans will have to share the responsibility.

State employees now receiving less than \$2,000 a year will be given first consideration by the legislature in the matter of salary increases.

## FALSE ALARM OVER JAP SHIP FORMING ESCORT

War Department Declares No Connection Between Arrival Of Ships.

Vessel Arriving in Mexican Port Was Training Ship

(By Associated Press)

Washington, January 13.—Intelligence officers of the War Department are satisfied after an investigation, that the simultaneous arrival at Manzanillo, Mexico, of a steamer bearing arms and ammunition from Japan and the Japanese cruiser Yakuma had no connection.

These officers said today that the Yakuma was a training ship and could not have protected the munitions ship even had there been occasion for the effort.

## AMBASSADORS MAY BE GIVEN TREATY DETAILS

Supreme Council Plans to Turn Work Over to Others And Go Home.

Would Complete Hungarian And Other Peace Treaties

(By Associated Press)

Paris, January 13.—Serious consideration was given by the supreme council today to a plan for appointment of a committee of ambassadors to complete the details for the presentation and signing of the Hungarian peace treaty and carry through the unfinished business of the peace conference.

The decision however was left to the heads of the governments of the principal powers. The necessity for return home of the Italian and British members of the council was given as the reason why another organization should be created.

## SCORES CALLED FOR TESTIMONY ON OLD PROBLEM

Sub-Committee Investigating Mexican Situation Busy

(By Associated Press)

San Antonio, Texas, January 13.—Scores of witnesses were here today to appear before the sub-committee investigating the Mexican situation. The committee will hold its first public hearing late today.

The committee today was considering report that a large shipment of ammunition for the Mexican government arrived at a Mexican port December 24 simultaneously with the Japanese cruiser Yakuma. The report had been forwarded to the War Department at Washington.

## STUDENTS FAVOR RATIFICATION

(By Associated Press)

Washington, January 13.—With the announced purpose of seeking ways and means for early ratification of peace a conference which delegates said represented 20 million Americans began here today.

## TONNAGE IS NOT WANTED BY AMERICA

Supreme Council Informed U. S. Wants No Hun Warship Tonnage.

### ALL CLAIMS ARE WAIVED

Allies Planned to Distribute Warships Like Merchantmen Tonnage.

(By Associated Press)

Paris, January 13.—In the supreme council today, American Ambassador Wallace raised the question whether the council intended to maintain the percentages previously adopted for the distribution among the allied and associated powers of the warship tonnage to be given up by Germany.

Receiving an answer in the affirmative, Ambassador Wallace informed the council that the United States in that case waived its claim to any part of this tonnage.

## SENATOR URGES INVESTIGATION OF DECORATIONS

Declares Chief of Staff And Colonel Wearing Too Many Medals.

Says Overseas Men Get Less Medals Than Men Back in America.

(By Associated Press)

Washington, January 13.—Urging congressional investigation of the award of army decorations for services during the war, Representative Gallivan, democrat, of Massachusetts, declared in the House today that more distinguished service medals in proportion were awarded to army officers who never got nearer the front than Washington, than to those who saw service overseas.

It is common talk in the army, he said, "that our present chief of staff and one of his assistants, a Colonel, whose duty it was to escort and dine foreign missions here in Washington, have no space left between their belts and their collars to display the medals that have been given them as a result of this service."

## DESIRE EARLY RATIFICATION PEACE TREATY

(By Associated Press)

Washington, January 13.—With the announced purpose of seeking ways and means for early ratification of peace a conference which delegates said represented 20 million Americans began here today.

National organizations represented included the American Federation of Labor, The League to Enforce Peace, the National Advertising Clubs, and Farmers Alliance, and the Women's Christian Temperance Union.

Why Does One  
Man's Money Earn  
More Than Another?

The U. S. Dollar is  
Standard

Every dollar in circulation is equal.  
Why is it then that one man's money  
earns more than another's? For ex-  
ample, take the case of Jones.

Six years ago Jones and Brown had  
\$1000 each. Both invested their mon-  
ey.

Since then our dollar has depreci-  
ated about 50 percent in purchasing  
power and the change finds Jones  
with 32½ percent less buying power  
than he had originally while Brown's  
\$1000 in the same length of time has  
increased to \$10,800 or 1080 percent.

Here's what happened. Jones in-  
vested his \$1000 at 5 percent. In 6  
years it earned about \$350. Today his  
principal of \$1000 plus the interest  
of about \$1350 would have a buy-  
ing power of \$675. WHILE ON THE  
OTHER HAND Brown invested his  
money in rubber. \$1000 invested in  
one rubber company six years ago is  
stated to be worth \$21,000, which at  
present has a purchasing power of  
\$10,800.

WHY was it that in 6 years one  
man's \$1000 really suffered a loss of  
32½ percent while the other's increased  
to 1080 percent?

THE EARNING POWER OF ONE  
MAN'S MONEY WAS LIMITED.

We cannot change the DOLLAR'S  
standard VALUE BUT WE CAN  
CONTROL ITS EARNING POSSIBI-  
LITIES.

The buying power of the dollar has  
depreciated about 50 percent. Can  
you afford to invest a 50-cent dollar  
at 6 percent and pay tax on a 100-cent  
dollar?

CLUB ELECTION

**New Board of Directors To  
Reorganize at Meeting to  
Be Held Thursday.**

Howard C. Allen, J. Earl McLean, J.  
M. Willis, C. P. Ballard, Nolin Hathaway,  
Walter Craig, Hays Dill, Ed Fife,  
and C. H. Brownell were the nine mem-  
bers chosen from a group of eighteen can-  
didates for directors of the Fayette  
County Automobile Club for the pre-  
sent year in the vote taken Monday by  
ballot at the club headquarters.

The men whose names appeared on  
the ballot were E. Fife, Nolin Hathaway,  
H. C. Ireland, Frank Jackson, J.  
Earl McLean, Charles R. McLean, G.  
B. Rodgers, T. O. Smalley, J. M. Willis,  
Howard C. Allen, C. P. Ballard, Tolon  
E. Brown, E. R. Barnett, C. H.  
Brownell, Walter Craig, Frank Christopher,  
W. M. Campbell, Hays Dill.

With the exception of two members  
the same men were chosen to compose the  
Board of Directors another year.  
Retiring members are W. M. Campbell  
and H. C. Ireland. Ed Fife and Hays  
Dill are the new members elect.

On Thursday, January 15th, at 1:30  
the new Board of Directors will elect  
officers, president, vice president, sec-  
retary, and treasurer. Before the bal-  
lots had been counted an amendment was made  
in the constitution of the club  
whereby it will be possible to elect  
officers outside the Board of Directors.  
Hitherto officers to head the organiza-  
tion have been confined to the nine  
directors.

A meeting was held in the Y. W. C.  
A. room at which there was a good  
attendance and many subjects came  
up for discussion. Howard C. Allen,  
club secretary, gave a full report of  
the club from the point of organiza-  
tion up to the present time. In a re-  
port of the financial condition of the  
organization it was shown that the club  
had a balance in the bank of  
\$317.02. During the year \$1780.00 was  
received in dues.

Howard C. Allen presented the fund-  
amentals of the law which is being  
agitated by the auto clubs of the state.  
This advocates the use of deeds or  
certificates of title to all cars. When  
a new car is sold by the manufacturer  
the owner would be given a deed for  
the car. In case of old cars it is plan-  
ned that all owners be issued a certi-  
ficate of title by the Sheriff. This  
would almost stop the practice of auto  
stealing. It is said a full explanation  
of the new taxation law.

County Surveyor Frank M. Kennedy  
gave a full report of the roads now un-  
dergoing repairs and also the roads  
being built. He stated that 23 miles of  
roadway is in actual process of con-  
struction while contracts will be let  
before spring for the construction of  
many miles more.

Upon the motion of Dr. R. M. Hug-  
hey the officers of the club were uni-  
animously given a vote of thanks for  
their services. On behalf of the offi-  
cers of the club J. M. Willis expressed  
thanks.

The heavy vote polled by Howard C.  
Allen, secretary of the club, showed  
the appreciation members of the club  
extended to him for his tireless efforts  
in making the organization the suc-  
cess that it has proven.

### RUMER ARRESTED FOR NON-SUPPORT

Clark Rumer, against whom a secret indictment was returned by the last grand jury, has been taken into custody by Sheriff Hall to face a non-support charge growing out of failure to provide for a minor child.

Rumer had been out of the city and when he dropped back into town the Sheriff received a quiet tip that his man was back, and within a short time Rumer was landed behind the bars of the county jail.

### MAKING HEADWAY IN THE EFFORT TO OBTAIN FUNDS

Because of the ready response with which the movement to raise funds to carry the Y. M. C. A. through the financial year in an effort to adopt the new program has met on almost every hand, it has been decided by the committee to raise the goal from \$5,000 to \$10,000.

In a very quiet way the men, to whom has fallen the task of solicitation, have gone to the business and professional men and leading citizens and almost without hesitation their signature has been secured for \$100.00. No lesser amounts have been taken to date.

Citizens seem awake to the needs of the Young Men's Christian Association and are rallying to the support of the institution. They are willing to put the Association on a firm footing, already assured that the new program at the Y. M. C. A. is a winner.

Solicitation will continue until the \$10,000.00 goal is reached.

### BANKS OF COUNTY HOLD ELECTIONS

Nearly all banking institutions of the county held annual election of officers Tuesday afternoon, and indications were that there would not be more than two or three changes in the personnel of officials of the various banks in the county.

### WILL ASK COUNCIL TO GIVE OUTLET FOR NEW ADDITION

Announcement is made that at the next session of the city council another appeal will be made to council to take the legislation necessary for opening the new street proposed from Lewis street on Columbus avenue to Grove avenue, on Washington avenue, in order that an adequate outlet may be furnished not only for the new addition comprising the old fair grounds, but to offer a more direct route from the eastern part of the city north of Columbus avenue to Washington avenue, and vice versa.

Sometime ago council was appealed to for legislation necessary to open the new street, but no definite action was taken.

As it is planned to open the new addition next spring in order to meet the demand for building lots, and homes, early action from council is expected if the new addition is to be opened.

The occasion is always around somewhere when it is required.

### URGENT CALL FROM RED CROSS

There comes a call from the local Red Cross Chapter for women to aid in the making of 200 refugee garments. The chapter has received the material and asks that assistance be given as soon as possible in order that the garments may be sent to those in need.

The work room of the Red Cross chapter will be open each Monday afternoon until every garment has been completed. All who can help at the work rooms or take the garments to their homes to make are asked to do so.

The clothing will consist mainly of undergarments.

### HOPE FOR RECOVERY AT 95 YEARS OF AGE

Mr. Joel Hicks, of Mt. Sterling, father of Mr. J. M. Hicks, of this city, who sustained a fractured hip in a fall last week, was taken to Mt. Carmel Hospital, last Friday to have the X-ray used for the location of the fracture.

Following the taking of the X-ray picture Dr. Farrar, bone specialist, performed the operation of setting the fractured bones, and gives encouragement for Mr. Hicks' complete recovery, despite his advanced age. He will be 95 years of age the third of next week, and physicians say that the temperate, quiet life he has led will be a main factor in his being able to overcome the shock and suffering of the accident.

Mr. and Mrs. J. M. Hicks and daughter, Vonna Bernice, visited him at the Mt. Carmel Hospital Sunday.

### LIGHT HEAVYWEIGHTS MEET HERE JAN. 27

A man whom the fans have been waiting to see in action ever since the wrestling game has been an attraction in local sport circles will appear here on the evening of January 27 when Paul Bowser, weight 175 pounds, of Newark, goes on the mat with Young Sandow, weight 180 pounds, of Ironton. The match will be to a finish under the American style of wrestling, no police Gazette rules to apply. This means that there will be no limit to the time, the only hold barred being the strangle hold.

Bowser is readily recognized as one of the best, if not the best man of his weight, in the United States today. Young Sandow is another man of merit in the ring and will make Bowser travel to put his 180 pounds down on the carpet two out of three attempts.

### Only a Short Time--- Then Spring

Really, it will be here before you are aware. You are not going to be caught without your car all "set" for the first warm days, are you?

You will want to be ready to take the road with the crowd; not be found lagging because of neglect. And you also want to know that in your preparation you have been thorough. So be particular who "tunes up" your motor, and looks after the breaks, clutch, gears, etc.

You display good judgment when you have your car put in shape NOW, and you also display good judgment when you leave the task to us.

Get right after that matter tomorrow, drive around, come around or call us up. That is the only way to insure being ready for the blue birds.

We will appreciate whatever job you may leave with us, but we also appreciate having your good will and continued business, which assures you of conscientious efforts from us.

**What of The Future**

One cannot help wondering what is to be the outcome of all the efforts of the enthusiasts now so energetically engaged in urging adoption of pet theories as the solution of this, that or the other ill.

The marvel of it all is that so many people will devote practically all their time and energy, frequently depriving themselves and their immediate families of the necessities of life, to drive on after the ever distant rainbow's end simply on faith, taking no account of the probable failure which confronts them.

Devotion to duty as one is given to see his duty is glorious. The greatest reforms in history are the result of devotion to principle. The response, in mind and effort to the call within us all to struggle on unmindful of the obstacles confronting us is the hope of the world.

Realizing all that, however, it seems that a great deal of valuable energy is being wasted now days by advocating theories and far-off reforms while work at hand remains unperformed.

The incessant agitation, too, contributes to the unrest. People everywhere need quiet and repose. They need, right now, above all else, to learn to appreciate the blessings they have rather than to struggle for the attainment of some doubtful objective. The solution for the problem of unrest lies more in appreciating what we have than in the struggle to obtain more and the adoption of some new and untried panacea for all social and industrial ills.

Work and save has, since the world began, been man's only certain producer of material prosperity and mental repose and that is the only remedy today.

Why waste time urging or listening to others urge quack cures for social and industrial ills which must be cured by the world old well established remedy.

**Mr. Bryan's Suggestions**

The suggestions of former Secretary of State William J. Bryan as to the way out of the senatorial deadlock on the ratification of the peace treaty, made by him in his Jackson Day banquet speech in Washington City last Thursday, have been the cause of a flood of comment pro and con, mostly pro, throughout the country.

No suggestions ever made by the Nebraskan have been accorded more favorable comment. There are a few uncompromising anti-Bryan individuals and publications who refuse to consider the suggestions seriously because they are made by Mr. Bryan. The great weight of comment among Americans, both democrats and republicans, who are anxious for ratification of the treaty, approves the suggestions and urges that independent senators follow them and leave the Wilson-Lodge controversy to work out to its end through other channels less important to the affairs of the nation.

Mr. Bryan insists that his suggestions do not mean that he is out of harmony with President Wilson in anything save detail methods; that both are working, like all patriotic Americans, toward the same end, the conclusion of a treaty of peace with the other nations of the world and the establishment of a real league of nations.

It seems safe to assert that very few Americans, judging from press and forum comment, will attribute to Mr. Bryan any selfish motive in making the suggestions for a solution.

**A Difference in Opinion**

Delegates to the International Association of Clothing Designers, meeting in New York City, predict still further increases in the price of men's clothing without any marked change in styles during this year.

These predictions of the men in the business do not harmonize with the prophecies of Attorney General Palmer made some weeks ago that prices were already declining and would continue to decline during the year nineteen twenty.

Either the clothing designers or Attorney General Palmer is in error. It does seem that men in responsible positions should not make statements not justified by facts.

On first thought we are inclined to accept the statement of the clothing designers as being the more reliable. In the first place they only have one line of work to look after while Attorney General Palmer has several big tasks to look after. The clothing designers have had the opportunity to gather more facts than Mr. Palmer has had and have had, which is vastly more important, more vital interest in knowing what the real prospects are. Their interest is personal and of supreme importance while Mr. Palmer's is only official and of secondary importance.

**POETRY FOR TODAY****A WINTER EVENING**

At night outside my window is a rush and whirr of wings,  
As if the trees and hedges and all in-sense things  
Were struggling in their slumber to  
reach the time that brings  
The glamour and the wonder and the  
gladness of new Springs.

The mystic sounds of night-time the  
creak of howard carts,  
The whistling of a drover, the beat of hidden hearts,  
The birth-cry of a babe who on life's  
journey starts—  
The sobs of lonely mourners as some  
loved soul departs.

The warmth and glow of night-time,  
With doors and windows tight,  
In dressing gown and slippers, the old  
dog well in sight,  
The favorite book, the fireside—oh,  
comfort and delight!  
Indeed, what is more peaceful than a  
shut-in Winter night?

And yet outside my window seems to  
come a whirr of wings,  
As if to stir my being with desire for  
other things—  
With yearning for the promise that  
pulsing morrow brings,  
The enchantment and the rapture, the  
fulfillment of new Springs!

## RANDOM NOTES

### SOCIAL : PERSONAL MENTION : CLUBS

Mrs. J. W. Elliott charmingly entertained three tables of Bridge, Tuesday afternoon, the guests con fined to members of the Tuesday Kensington Club.

Pink carnations were employed in decoration, and dainty refreshments served.

Mr. P. E. Wolford handsomely entertained Monday night at a stag dinner at his home on East Paint street.

Covers were laid for eight and shell pink carnations and greenery effectively used in decoration.

The affair was in honor of the genial host's natal day and drew hearty congratulations as well as jollity galore.

Mrs. Wolford and daughter, Miss Wanda, assisted Mr. Wolford in entertaining.

A real old-fashioned belling, one like those that grandmother and grandfather went through when they were spliced with the nuptial knot, took place Monday night with noise and revelry that was heard all over the city. The victims were Mr. and Mrs. James E. Johnston, (nee Marie Cook) returned from their wedding trip a few days ago.

Employees of the Ortman Motor Company, more than forty in number, de-

MRS HARRY STERNBERGER

Much interest attaches to the announcement that Mrs Harry Sternberger, of Cincinnati prominently connected with the club and war relief activities of the Queen City, will address the meeting of local club women Wednesday afternoon at four o'clock at the Federated club rooms, on the subject of "Jewish War Relief."

Mrs. Sternberger is said to be the only woman in Ohio, if not in the United States, who sold over a million dollars worth of Liberty bonds and is considered a gifted speaker, exceptionally fluent and interesting. She will bring to local club women, who are meeting to consider taking up the

drive for the relief of the millions of human beings, innocent victims of the war, now dying of starvation and disease in Poland, Lithuania, Galicia, Palestine and other lands, the deplorable conditions which only America can relieve.

The opportunity of hearing Mrs. Sternberger will undoubtedly draw to the Wednesday afternoon meeting an increased number of Washington's club women, and her talk inspire fresh zeal in the humanitarian efforts in which these women have taken an active part during the days of war stress and are continuing in the service of these reconstruction days.

sended upon the home of the newly weds and announced themselves with a huge explosion that was heard for miles. Mr. Johnston was given a free ride on a mule through the main thoroughfares of the city and also taken through the Ortman establishment on

a tour of "inspection" the belling party, with Mrs. Johnston in an auto following.

Mr. and Mrs. Johnston rose to the occasion and entertained the guests with refreshments at their home.

Mr. Johnston is a salesman with the Ortman Motor Company and Mrs. Johnston was employed at the same firm as stenographer for the past three years.

The Mothers' Club convened in most interesting session with Mrs. W. H. Lipsett Monday afternoon.

There were three splendid papers which called forth an unusual amount of discussion.

Mrs. H. L. Stitt treated of "Diet and Elimination," Mrs. A. D. Woodmansee presented the subject "Unfolding to the Little Child the Mystery of Sex as revealed in all creative things" and Mrs. A. O. Clark "Why the Child Should Early Learn the Truth of Origin."

The Mothers' Club, sponcers for the playground equipment for Central Schools, are taking an active interest in the benefit picture show, "Evangeline" to be shown at the theater Friday afternoon and evening and through which it is hoped sufficient additional funds will be raised to put the equipment out of debt.

Through the generosity of a number of kind hearted business men the project of buying tickets for the forty two children of the Children's Home was launched and finding that the number purchased was insufficient the club women contributed the amount needed and a surplus for school children who might not otherwise be able to go.

Contrary to the usual custom the hostess served light refreshments.

The innovation was due to Mrs. Byers of the English addition, who had been the recipient of a number of favors from the club and in appreciation sent to the meeting a delicious cake, with which the hostess served tea. Mrs. Byers expects to take up home catering and the women complimented her highly upon this sample of her culinary skill.

In compliment to her guest, Mrs. Harry Hiche of Circleville, Mrs. Willard Story entertained the young women of the Thursday Bridge Club at a "Sourkraut" luncheon Tuesday.

The opportunity of meeting Mrs. Story's attractive guest, together with the novelty of the luncheon and its attendant social features contributed to an affair as delightful as it was informal.

Mr. and Mrs. Ed Klever, of Bloomingburg, leave Wednesday for an indefinite stay in Florida. They expect to stop at Jacksonville, St. Augustine and other east coast resorts enroute to Miami, where they will make headquarters.

Mr. and Mrs. Ernest Allen, of West Lancaster, were shopping visitors here Tuesday.

Mr. Eisenbrey has moved his family from South North street into the Oak street property which he recently purchased from Miss Ida Hays.

Rev. Mitchell, of the M. E. Church, of Jeffersonville was a visitor here Tuesday enroute from Circleville, where he attended a group meeting.

Mr. C. E. Craig was a business visitor in Columbus Tuesday.

Mrs. Pearl Eckles, of Madison Mills, visited here Tuesday.

Mr. and Mrs. Harry Heath, of New Holland, went to Dayton, Sunday for a few days visit with Mr. and Mrs. Wilbur Gillespie.

Mrs. James Smith and Mrs. Roy Allen, of near Sedalia, were shopping visitors here Tuesday.

Miss Grace Launderback left Tuesday for Columbus for a week's visit with friends.

Mr. and Mrs. Lee Draper, of near Jeffersonville spent Tuesday shopping here.

"Miss Frances Merriweather, of Washington C. H., spent the weekend with Miss Myrl Geiler"—Wilmington News.

Mr. and Mrs. Sparrow (nee Lelia Parrett) are announcing the birth of a daughter at their home in Springfield. The baby has been named Elizabeth Pearl.

"Mrs. Bert Moon spent the week end with her cousin, Mrs. Fred Cline, in Washington."—Wilmington News.

Miss Nina Combs of Springfield is spending a couple of days with her parents, Mr. and Mrs. Leslie Combs of this city.

Mrs. Harry Hiche, of Circleville, is the guest of Mrs. Willard Story.

Mr. Roy T. McClure was a business visitor in Columbus Tuesday, accompanied by his son, Fent.

Mr. F. B. Creamer has returned from a short business trip to Cincinnati and Lexington, Ky.

Mr. Z. B. Zook, who was one of the prize winners in the contest inaugurated by the Moorman Manufacturing Co. of Quincy, Ill., left Saturday for a visit through the company's plant. Mr. Zook was presented with this free trip to Quincy, and also forty dollars in money.

Mr. L. O. Fultz, editor of the Jeffersonville citizen, was a business visitor here, Tuesday.

Mrs. Frank M. Fullerton and daughter, Miss Dorothy spent Monday in Columbus.

Mrs. Charles Swope who has been the guest of Mrs. Frank L. Parrett returned to her home in Columbus, Monday.

Mr. Kerns Thompson returned Tuesday from a short business trip to Pittsburgh.

Mr. James Zimmerman was a business visitor in Greenfield, Monday and Tuesday.

Mrs. Kerns Thompson and daughter, Miss Iris spent Monday in Columbus. Mrs. Thompson visiting her older daughter, Mrs. B. Kellar in Mt. Sterling Tuesday.

Mrs. T. H. Zimmerman who has been visiting her uncle and aunt, Mr. and Mrs. James Zimmerman on Clinton avenue, went to Greenfield for a visit before returning to her home in Springfield, Wednesday.

Mrs. Addie McArthur has accepted a position at one of the Fraternity houses at Wittemberg College, in Springfield, leaving Monday to take up her duties.

Mrs. Jane Paul went to Columbus, Tuesday to be the guest of friends until Friday.

Mr. and Mrs. R. C. Teift of Millidgeville went to South Solon, Tuesday to spend some time with relatives, and will also visit in Springfield and De Graff before returning home.

## WHEAT EXPORTS SHOW SLUMP SUPPLY LARGER

Peak of Prices Indicated by Statement of U. S. Grain Corporation.

Much Smaller Acreage Then Year Ago and Much More Wheat For Domestic Use.

The United States Grain Corporation has issued a circular letter to the 40,000 dealers in America in which the rise wheat and flour conditions are laid bare, and which already has caused a slump in prices. Grain men take the letter to indicate that the peak of prices has been reached in wheat and flour, and are now discussing the probable result when the government guarantee is lifted next June.

Figures and conditions set forth in the letter speak for themselves, and the following is the chief part of the letter:

"Exports for the past six months are 33,000,000 bushels less than last year. Difficult finances abroad, forcing utmost curtailment of purchases, will continue. Present purchases, still to be shipped, largely supply foreign requirements for a considerable period. Cheaper rye will replace some wheat. The United States can apparently export 50,000,000 bushels of rye, against 35,000,000 bushels last year.

"Flour production in the United States for six months exceeded last year's production by 12,000,000 barrels, while exports of flour have been 1,000,000 barrels less. How much of this 13,000,000 barrels represents increased consumption of wheat bread, and how much increase in domestic and commercial stocks, with its resultant later shrinkage of current demand? Flour stocks, visible, are very large: 15,000,000 barrels against 8,000,000 last year.

"New crop prospects will shortly be decided price influence. Much emphasis is laid on our fall sown acreage this year of 39,000,000 acres, against 50,000,000 acres a year ago. It is well to remember that America's largest winter wheat yield (685,000,000 bushels) came from 37,000,000 acres sown. Also, that twice in our history the yield from spring sowings alone has exceeded 350,000,000 bushels. Last year our total home consumption for food and seed did not exceed 550,000,000 bushels.

"Import and export embargo restrictions are now eliminated and Canada and Argentina are already making sales attracted by our prices now ruling about the guarantee level.

"Farmers, millers and dealers, outside of the Grain Corporation own and are carrying 437,000,000 bushels of wheat, against 299,000,000 a year ago. Seriously ponder on this statement. After June 1st, next, the Grain Corporation's authority to buy wheat at the guaranteed price expires, and thereafter the security of that basis is withdrawn. The fact that present prices largely rule above the government guarantee should not obstruct a sense of conditions which may develop and at a time when that price assurance no longer exists, America's complex and delicate marketing structure must be preserved, and prepared to function when this agency retires.

Price fluctuation always is followed by distress and loss. Wisdom dictates reduction of commitments of the minimum required for the conduct of necessary current business."

**ARE SEARCHING FOR "MEANEST BOY"**

It is not the "meanest man" that the people are hunting now—it is the "meanest boy". Frederick Coffman son of Mr. and Mrs. Fred Coffman, a five year old boy who lives out on Forest and Temple streets was playing with his little cousin Janet Cockerill Monday noon when a big boy came along and asked to borrow his nice, new sled. The big boy gave the little fellow two pennies and two pieces of candy for the "loan" of the sled.

Now Frederick is looking for his sled which the big boy has not returned.

**INJURED FINGER IS AMPUTATED**

Charles Foster, 27, of Bloomingburg had the second finger of his right hand removed by an operation at the Stitt-Todhunter offices Monday. Since childhood the finger had been useless to Charles Foster because of an accident. The Peterson finger was doubled in the palm and O'Brient caused him much trouble while at Moorehead L. G. **M'NAIR MEMORIAL CHURCH SERVICES**

The evangelistic service began at the McNair Presbyterian church last night with a fine attendance and the interest was all that anyone could desire. The sermon by Evangelist Irvin was a splendid one and held the attention of all.

The choir sang splendidly and the anthem was well sung.

Tuesday night the Evangelist will speak on the subject, "The Two Strange Voices." Evening services begin promptly at 7:30 and are out at 8:30. Special music each evening by the choir.

**FOUR YOUNG MEN JOIN THE SERVICE**

Four young men left for Camp Sherman Monday to enlist in the Utilities department for three year periods. They were Randolph Seymour, Carl Towers, R. Haines of Jeffersonville, and Ike Bennett.

Having been advised as to the desirability of the service by Miss Mary Robinson of the Red Cross Chapter the young men enlisted with the express purpose of securing an education and learning a trade.

**BALL WILL SPEAK TO AUTO TRADERS**

Professor C. S. Ball, of the Y. M. C. A. Electrical school of Columbus will speak to the Fayette County Auto Trades Association on Thursday evening of this week on the subject of "Carburetors" in the regular monthly meeting of the Association.

The program will open with a six o'clock dinner at the Y. M. C. A.

TWO SHOWS

6:45 and 8:30 p. m.

"EVANGELINE," Henry Wadsworth Longfellow's immortal love epic,

the most sublime drama in the history of American literature.

This historical tale, based on the wholesale deportation of the Acadians,

is now presented by William Fox in motion picture form as a drama of unequalled beauty and power.

Miriam Cooper, Madonna of the screen, is at her best as the unhappy heroine, and the strong supporting cast includes Albert Roscoe, Spottiswoode Aitken, James Marcus and Paul Weigle.

"EVANGELINE" is a picture that anyone with an appreciation of the best in motion pictures cannot afford to miss.

It is a poem of tremendous dramatic power—a story the moving appeal of which reaches every human heart; but that it could be translated into a motion picture without the loss of any of its poetic beauty is certainly the happening of the unexpected.

Proceeds of this production are to go toward paying for Central School

Play Ground equipment.
